Donation campaign at all three PCI locations under the motto "Equal opportunities for everyone"

PCI donates 30,000 euros to local aid / educational institutions

Augsburg, November 26, 2020 - The PCI Group is donating a total of 30,000 euros as part of its Christmas donation campaign under the motto "Equal opportunities for everyone". The donation goes in equal parts to educational institutions in Augsburg, Hamm and Wittenberg which support students and their families in difficult situations.

Due to the current Corona situation, the PCI Group is not having the usual Christmas parties at its three locations and is donating 10,000 euros each to local aid / educational institutions in Augsburg, Hamm and Wittenberg under the motto "Equal opportunities for everyone".

"The PCI Group is doing well economically despite the Corona crisis and we would also like to give something back to those who are not doing so well, who had poor start opportunities in life", says Frank Rösiger, Technical Director of the PCI Group. "That is why we support educational institutions that specifically focus on school children and their families who need special support in order to later have the same opportunities in their future life as everyone else."

In Augsburg, the PCI Group supports the Martinschule in Augsburg Nord with 10,000 euros - a special educational advice and competence center for children and young people with special needs. The Martinschule has its roots

in the 19th century, after the Second World War it was established as a special education institution. It offers a wide range of support options nowadays, from the inclusion of disabled pupils to youth social work and counseling to support and remedial classes.

In Wittenberg, the Nudersdorf elementary school will use the PCI donation of 10,000 euros to further advance the digital expansion by purchasing around 20 notebooks. The aim is to strengthen the digital competence of the students - especially those who do not have access to a PC, laptop or similar at home.

In Hamm, the PCI Group donated 10,000 euros to the LWL special education children's home providing a wide range of offers for children, young people and families in need. These include, for example, in-patient offers such as residential groups, outpatient educational assistance, social and family educational centers or individual educational measures to give children and young people new perspectives.

With its brands PCI and THOMSIT, the PCI Group which is celebrating its 70th anniversary this year is a leading supplier of innovative construction chemical products and one of the largest companies in the region with around 500 employees at its headquarters in Augsburg. PCI trains (currently 10 new apprentices), continuously invests in its locations (most recently the inauguration of the new delivery center in Augsburg) and is locally involved in a variety of ways. This ranges from school partnerships and the promotion of young talents via regional networks (e.g. partners in the 'Talents of the Region' initiative) to sponsoring in the areas of sport, culture and society.
